2017 NIST Colloquium on Weight of Evidence Overview

Day 1	Defining the Weight of Evidence
8:30-9:00am	Introduction
	Elham Tabassi, NIST
9:00am-9:50am	Interpretation, A Personal Odyssey, Keynote Talk
	Christophe Champod, University of Lausanne
	Ian Evett, Principal Forensic Services
9:50-10:15am	Q&A
10:15-10:45am	BREAK
10:45-11:00am	Interactive question session 1
	Shannan Williams, NIST
11:00-12:30pm	"What is WoE", Panel Discussion and Q&A
	 Doug Reynolds (moderator), MIT Lincoln Laboratory
	Christophe Champod, University of Lausanne
	Charles Berger, Netherlands Forensic Institute
	Simone Gittelson, NIST
	Chris Saunders, South Dakota State University
12:30-1:45pm	LUNCH
1:45-2:00pm	Interactive question session 2
	Will Guthrie, NIST
2:00-2:35pm	"Weight of Evidence, A Dutch Experience"
	Charles Berger, Netherlands Forensic Institute
2:35-2:45pm	Q&A
2:45-3:30pm	"Quantifying WoE", Panel Discussion and Q&A
	Will Guthrie (moderator), NIST
	Charles Berger, Netherlands Forensic Institute
	Cedric Neumann, South Dakota State University
	Daniel Ramos, Universidad Autonoma de Madrid
	Steven Lund, NIST
3:30-3:45pm	BREAK
3:45-5:00pm	Validation and Inter-laboratory testing, Panel Discussion and
	Q&A
	Sheila Willis (moderator), Forensic Science Ireland
	Ruth Corzo, Florida International University
	Tricia Hoffman, Florida International University
	Michael Coble, NIST
	Geoffrey Stewart Morrison, Aston University
5:00pm	DAY 1 END
6:30-8pm	SOCIAL EVENT

Day 2	Collecting for Weight of Evidence
8:30-8:50am	Wrap-up of Day 1
	Robert Thompson, NIST
8:50-9:10am	The role of data in evaluation of forensic evidence
	 Melissa Taylor, NIST
9:10-9:50am	(Title TBA) Keynote Talk
	 Stephen Sherry, National Center for Biotechnology
	Information
9:50-10:15am	Q&A
10:15-10:45am	BREAK
10:45-12:30pm	Population Statistics, Panel Discussion and Q&A
	 Melissa Taylor (moderator), NIST
	Simone Gittelson, NIST
	Geoffrey Stewart Morrison, Aston University
	Michael Coble, NIST
	Mike Smith, Federal Bureau of Investigation
12:30-1:30pm	LUNCH
1:30-1:45pm	Interactive Question Session 3
	Alan Zheng, NIST
1:45-3:00pm	Data for Forensics: Reliability, Reproducibility and Repeatability
	Panel Discussion and Q&A
	 Alan Zheng (moderator), NIST
	Christophe Champod, University of Lausanne
	Michael Coble, NIST
	Charles Berger, Netherlands Forensic Institute
	Toni Roberts, Federal Bureau of Investigation
3:00-3:30pm	BREAK
3:30-4:45pm	Method Evaluation, Panel Discussion and Q&A
	 Elham Tabassi (moderator), NIST
	 Doug Reynolds, MIT Lincoln Laboratory
	Niko Brummer, AGNITIO
	Daniel Ramos, Universidad Autonoma de Madrid
	Graham Jackson, University of Abertay Dundee
4:45pm	DAY 2 END

Day 3	Understanding Weight of Evidence
8:30-8:45am	Interactive Question Session 4
	Sue Ballou, NIST
8:45-9:15am	Communicating the Results of Forensic Science Examinations
	 Graham Jackson, University of Abertay Dundee
9:15-9:45am	What should a forensic scientist's likelihood ratio be?
	 Geoffrey Stewart Morrison, Aston University
9:45-10:00am	Q&A
10:00-10:20am	BREAK
10:20-10:50am	Lay Understanding of Forensic Science
	Bill Thompson, University of California, Irvine
10:50-11:20am	Jury Understanding of Statistics
	 Cedric Neumann, South Dakota State University
11:20-12:00pm	Moderated Discussion with presenters and audience
	Sue Ballou, NIST
12:00-12:15pm	Closing remarks
	Elham Tabassi, NIST
12:15pm	END OF COLLOQUIUM
